

SOBERLINK SHARE AGREEMENT

The Soberlink System gives you a way to document and conveniently share your sobriety with your recovery circle. Soberlink technology is unprecedented in that your community of supporters can have real-time knowledge of your sobriety, and can react quickly and appropriately in a time of need.

TESTING SCHEDULE

Scheduled testing builds structure and decreases the anxiety associated with alcohol monitoring. Soberlink scheduling provides a 2-hour test window, with an extra 15-minute grace period. For example, if you are scheduled for a 2pm test you can submit a test 15 minutes early at 1:45pm, or as late as 3:59pm. Automated text message reminders are sent 15 minutes before your scheduled test.

Your weekly testing schedule is entirely up to you, however, Soberlink encourages 2 or 3 tests spread throughout the day. When determining your schedule, it can be helpful to seek counsel from your recovery circle and consider which testing times will work best for you and your recovery plan. The Soberlink test schedule must be established before beginning the monitoring program.

Tests per day: 2 3

Testing Times:

Test #1 Time
7 am

Test #2 Time
3 pm

Test #3 Time
11 pm

Note: Testing schedule will be applied 7 days a week.

RETEST CYCLE

If alcohol is detected while submitting a test, the Device screen will prompt you to retest in 15 minutes. You will also receive an automated text message informing you that because of the positive test, you are now in a retest cycle.

The Retest Cycle was designed to help determine whether the source of alcohol was due to consumption or incidental exposure (e.g. mouthwash). Incidental exposure to alcohol should dissipate from the body within 15 minutes. By submitting a compliant test in 15 minutes, the Device will confirm that you did not drink and the first positive test was due to incidental exposure. However, if the second test is positive for alcohol, you will be asked to retest every 15 minutes until a compliant test is submitted, or until 3 hours have elapsed.

Program Conditions

1. **I acknowledge and agree that I shall not utilize the Device provided to me pursuant to this Agreement for DUI related matters, family law, child custody or other custodial matter.** I further agree and acknowledge that using the Device in violation of this Agreement may, among other things, result in termination or suspension of the provision of the Soberlink Share program, or being moved to an alternative Soberlink monitoring program. In the event of such action, I agree that I will be responsible for any applicable fees, including early termination fees and any additional fees and costs associated with the alternative monitoring program.
2. I understand that Soberlink reserves the right to stop services for any reason with a 10-day notice.
3. I understand that it is my responsibility to contact Soberlink the day the Device arrives and will be required to submit a test and subscribe to text message notifications to complete activation. I also understand that Soberlink will only activate the Device during normal business hours M-F from 7 a.m. to 5 p.m. (PST).
4. I understand that Soberlink Account Representatives will not be alerted of compliant or non-compliant testing activity.
5. I acknowledge that any Contact I designate will have access to my testing records, reports, and will have the authority to contact Soberlink regarding my account, unless such access is withdrawn. 6. I understand that all program changes, including changes to the testing schedule, must be submitted in writing to support@soberlink.com. I further understand that changes may take up to 48 hours to implement. Furthermore, I understand that changes will be notified to all Contacts setup on my account.
7. I acknowledge that Soberlink requires a daily monitoring fee, paid on a monthly basis, in order to keep the Device activated (the "Daily Fee"). I further acknowledge that the Daily Fee is accrued while the Device is active even on days that tests are not submitted.
8. I understand that the party paying for Soberlink services is the only party with the ability to terminate services and must do so directly by emailing support@soberlink.com or calling (714) 975-7200.

10. I understand that Soberlink shall not be required to testify in legal proceedings as to the use of the Device pursuant to the Agreement. Deprivation Period & Alcohol-Based Products:

12. I will refrain from eating, drinking, and smoking for at least 20 minutes prior to submitting a Soberlink test. I will make sure to read the labels of products I consume and research products that might contain alcohol to avoid inaccurate BAC readings. In addition, all documents pertaining to over-the-counter or prescribed alcohol-based medications will be provided to those involved in my monitoring. I will rinse my mouth out with water before testing. Failure to do so could result in an inaccurate BAC reading.

Testing Procedures

always use the provided Soberlink mouthpiece, and will not hold the mouthpiece while testing. I will not use the Soberlink Device while driving or operating heavy machinery.

14. If prompted to Retest, I will Retest at the times indicated on the Device and in the notification text message, but not before. Failure to retest as instructed may result in a positive reading and/or will be considered breach of this Agreement as noncompliance.
15. I understand that all submitted tests are immediately sent to and recorded on the Sober Sky Web Portal.
16. I will take the test in normal operating temperatures (32* - 122* F)
17. I will check the Device's LCD screen to confirm that each test was successfully sent. I will not simply assume the test was sent.

Protecting Equipment

22. At any time during the Monitoring Program the involved parties may request that Soberlink review a series of positive BAC test results to evaluate whether or not the event was caused by alcohol consumption. This evaluation will be performed within 48 hours (excluding requests made on Fridays, Saturdays, and Sundays) and may be subject to additional fees (\$100 each). All parties named in this Agreement will be sent the evaluation results.
